Good food

The manners differ around the world. if you visit a friend's home for a meal, it's good to know about certain customs

.In many homes, people often sit on the floor to eat a meal
.often everyone eats from the same plate
It is in the center of the table . Only eat the food
.in front of you

Dont reach across someone for food .It is common
to use your fingers and small pieces of bread to eat food
Use only your right hand to eat

Dont say no to food . If the host offers you
food or drink, take some and try a little

Key benefits of
